MANSION COLLECTION

Inspired by the beauty, architecture and features of London Mansion blocks and created by our UK-based design team, The Mansion Collection combines stunning designs, luxury and practicality.

Explore The Mansion Collection, knowing that each bespoke design can be created in the colours of your choice, in any quality and woven on our state of the art looms in Wilton, right here in the UK.

Share your ideas with our Business Area Managers and our Design Studio and they will work with you to create the perfect solution for a truly stunning space.

ADVICE AND SUPPORT

Our Business Area Managers are available to provide advice and expertise so that you enjoy the perfect carpet for the needs of your project.

DESIGN

Our UK-based, experienced Design Team will work with you to create the perfect aesthetic for your interior. From simply offering advice through to working with you to develop final design.

WOOL-RICH AND DURABLE

Made from 80% pure new wool and 20% nylon, all of our carpets provide the perfect combination of luxury and durability. You can be confident that your carpet will be hard-wearing and keep its looks for years to come.

COLOUR

Using British yarn, we offer an extensive choice of colours, or we can match any colour with our custom-dye service.

Where time is short or budgets are under pressure, you can select colours from one of our stock colour palettes, which are permanently set on our looms in our UK factory. Simply speak with our Business Area Managers for further detail.

SCALE

Our Design Team is also able amend the scale of any of the Mansion Collection designs to ensure it perfectly complements your interior.

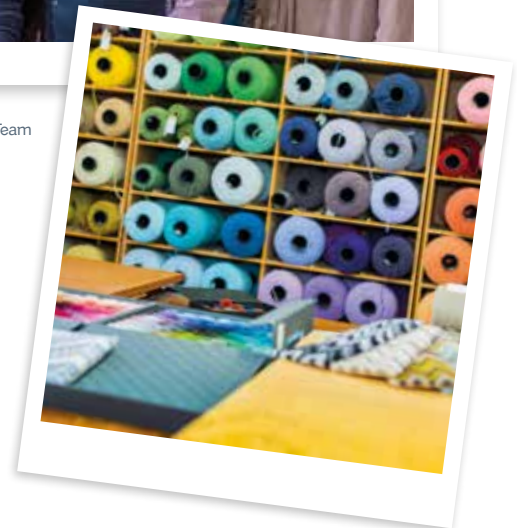

LAYOUT

Once a design is selected and colours chosen, we develop your unique design. We provide CAD prints of these ideas for your evaluation and approval. Your design ideas can be presented in a choice of roomviews to help you appreciate the scale of the design, and if you have architectural plans, we can flow in the carpet design to view in situ.

With our electronic jacquard, we can design to any layout and your selected design can flow across two or more carpet widths, into one seamless weave. We use careful planning to minimise seams and make installation easier.

When the design and colour have been agreed, we weave a hand trial. This shows your finished design and is woven in yarns of your selected colours. Once approved, we weave the carpet to your specification.
